BRACE YOURSELF! TAXES GOING UP!

Come next October get ready for a shock. That's the time you'll be receiving your county tax bill and you can bet your bottom dollar that taxes will be higher than they were in the present assessment year. Valuation, under the new assessment program, has more than doubled and taxing agencies will have a lot of leeway to play around with in setting their millage.

Your local hospital districts will have opportunity to decidedly reduce their millage under the new set-up. Last year the valuation in the Pahokee hospital district was a little more than \$31,000,000. Under the new assessment the valuation is well above \$96,000,000. This alone will allow the hospital district to lower its millage from 3.75 down to 1.25 or less. The special bond issue last year called for 1.75 and this should be sliced by more than two-thirds this year.

In the Belle Glade hospital district the valuation has gone up from \$49,000,000 to more than \$128,000,000. This will allow that hospital board to bring down the millage by a huge amount when the directors get around to setting it.

Schools take the biggest whack out of your tax dollar and this year they will take more than usual. The school board has reduced its millage from 16.63 down to 9 mills which is not quite half, though they had a valuation of more than double that of last year. So, there is where one increase will come in your taxes.

The county commission budget is around \$6.8 million for the present year and they are talking about an \$8 million dollar budget this year. If that is so, then there will be another increase in your taxes.

More than 5,000 homesteads, not heretofore taxed, will be put on the tax roll for the coming year under the new assessment program, Edgar Maxwell, county tax assessor said this week.

Brain Damage As Result Accident

John D. Cochran, instructor in maintenance and operation of airborne radar, was injured in an auto accident at approximately 2:00 a. m. Saturday morning, July 31, on his ride from work at Miramar Naval Air Station to his home in Escondido, California. He failed to negotiate a curve. He is in Balboa Naval Hospital in San Diego in serious condition.

His condition is listed as an active coma—semi-comatose state, as of Monday night, according to James W. Vann. He said it appears to be definite brain damage but the extent cannot be determined until the patient regains complete consciousness.

He is the husband of the former Miss Carolyn Sellers, niece of Mr. and Mrs. James W. Vann, of Pahokee.

Fran Arnold has as her guest Mrs. Betty Gregg and two sons of Stuart.

Methodist Church Has Bible School

The First Methodist Church of Pahokee had their Vacation Bible School Aug. 26-30. It was for grades 1-6. Those helping were Mrs. Don Cook, Mrs. Peggy Hatton, Carol Hatton, Mrs. Betty Collins, Mrs. Joan Gamot, Mrs. Barbie Rosenberg, Inez Briley, Mrs. Lillian Hatton, Tressey Massey, Mrs. Virginia Apelgren, Kathy Boynton, Carol McIntosh, Sharon Johnson, Mrs. Janet Johnson, Mrs. Marion Hatton, Mrs. Ann Rita Turbeville and Mrs. Marie Hendricks.

Accreditation To 6 County Schools, Some Are Warned

The State Department of Education accreditation ratings show that Palm Beach county schools have taken a turn for the better during the past year. Last year there were 11 non-accredited schools in the county and this year there are only five. This in itself is a marked improvement.

In the Glades area the non-accredited school is Bryant near Canal Point. Among those receiving warnings from the department must be made is East Lake School in Pahokee. Westwood Junior high school in West Palm Beach was another receiving warning.

Year before last there were only four schools on the non-accredited list but the state department toughened the accounting for last year—therefore the rise to 11. Senior and junior high schools in the county were generally rated high with Polkanna being the only non-accredited junior or senior high school on the list.

HOME FROM WEST

Mr. and Mrs. L. Clinton Livingston have returned to their home in Canal Point after spending the month of July touring Colorado, New Mexico and other states. They were accompanied home by their son, Larry, who has been working at the Empire State Bank in Dallas, Texas, for the past year.

Trevette Weeks To Chipley Church

L. Trevette Weeks, son of J. G. Weeks of Canal Point, has been named pastor of Orange Hill Baptist church in Chipley, Florida, and took over that position on July 11.

He is a third year student at Baptist Bible Institute, and is a former pastor of Bethlehem Church, Victoria, Ala.

Mrs. Weeks is the former Joan Sheppard of Pahokee. They have three children, Margie Ann, L. Trevette, Jr. and David Inman.

South Bay Baptists Buy Furniture For Church Building

Rev. James A. Fenton, pastor of the South Bay Baptist church, said this week that members and friends of the church have raised \$3,700 for new pews and pulpit furniture for the church building.

The pastor pointed out that friends are buying pews individually and that eight remain to be paid for by individual donation. He said that another \$1900 is still needed along with the \$3700 for the expansion program in the sanctuary.

Members of the church hope that the expansion program can be completed and paid for by October. He said those wishing to help the project may make out checks payable to the First Baptist Church of South Bay and mail them to church treasurer Mrs. George Crews, Sr., at Box 115.

Post Masters Have Regional Seminar

Postmaster Mrs. Edythe Smith, Canal Point, was among the over three hundred Florida Postmasters who attended the first Postmasters' Training Seminar in Florida held in Gainesville on August 2 and 3rd at the University of Florida.

This seminar was held as a result of the many request by postmasters to the Regional Office and was an ideal opportunity for postmasters to further their postal knowledge and management techniques. The full two days were devoted to classes and study to improve the postal service. The personal expense incident to the seminar was borne by the individual postmaster and was a voluntary training program. It was "Back to School" for these postmasters as they lived in the dormitory, ate at the school cafeteria and used the class rooms at the University.

The school officially opened on Monday with registration from 8:30 to 9:30 a. m. followed by a general session for all postmasters by Regional Director Banks Gladden, Atlanta and closed on Tuesday afternoon with a general session on Customer Relations with Dr. Delbert Scudder, Head of the Department of Religion, University of Florida as guest speaker.

In between, each postmaster was scheduled for five 1½ hour classes according to class and size of office such as General Accounting or Cashbook, Mail Classification, Filing, Records Disposal, Sectional Center Concept, Personnel, Delivery Service, Manpower Control, and The Postal Manual. Each class had approximately 40 postmasters each.

Mackey Airlines Receive '64 Award

FORT LAUDERDALE—Mackey Airlines has been presented the 1964 Award of Merit from the National Safety Council for the 12th consecutive year.

The Airline provides service between major cities in Florida and the resort areas of the Bahamas. "We consider this award the most satisfying recognition in the aviation industry", said Col. Joseph Mackey, who has directed the airline since it was organized in 1946.

New Management Glades Truck Stop Restaurant Now

Glades Truck Stop restaurant, next door to the Glades Truck Stop at the Pahokee-Canal Point city line, is now under the management of Kyle and Glen Hatfield, operators of the Truck Stop.

The Hatfield brothers plan a complete renovation of the restaurant along with a new paint job on the interior. Some new equipment will be purchased in an effort to more thoroughly modernize the restaurant.

"We are going to serve only the very finest of food and operate a first class restaurant where families will be welcome," said C. Hatfield, one of the operators.

Vacation School Canal Pt. Baptist

Vacation Bible School will start at the Canal Point Baptist church on August 9 and run through August 20, according to an announcement by church officials.

Present plans call for the sessions to start at 8:30 in the morning and last until 11:30 a. m. Children ages three through 16 will be welcomed to the various departments, the announcement said.

Guard Rail Placed End Muck City Rd.

First guard rail alongside of Glades canals has been placed on Conners Highway five miles east of Canal Point where Muck City road intersects that highway. Definite information was unavailable to this newspaper yesterday as to what group constructed the railing.

More than a quarter of a million dollars in contract will be spent by the State Road Department to erect guard rails in South Florida and the contract has already been let. Why the work has not been started in another question.

Taxable Property Shows 115 Per Cent Gain In P. B. County

With a property valuation increase of more than 100 percent as shown by the tax roll presented by Tax Assessor Edgar Maxwell Monday, it is expected that millage can be halved by the taxing boards in the county. This includes the hospital districts in Pahokee and Belle Glade. With the valuation doubled they certainly can half their millage.

This year's tax roll, as presented by Assessor Maxwell went well over the two billion dollar mark compared with \$1.09 billion a year ago. This year the roll mounted to a hefty \$2.34 billion.

The assessor pointed out that the tremendous increase is brought about by the fact that he has compiled with the new ruling that property should be assessed at "fair market value." Out of 11,600 properties in the county that paid no taxes in the past under the Homestead law, all but 5,000 of them will be put on the tax roll for their proportionate share of the tax load.

Gov. Haydon Burns put the Governors' Office Monday behind the effort to boost property assessments in Florida to full market value.

He said that he was working with State Comptroller Ray Green in a campaign to see that each of the 67 county tax assessors obey all requirements of the law.

The law spells out that property must be valued for county tax levies at its full cash value, but few counties actually have their assessments that high.

Local Utilities Company Is Sold

Announcement was made yesterday by Henry Kautz, president of Canal Point Utilities, Inc., that the concern had sold to Southeastern States Utilities, Inc., of Bridgeport, La., and with Florida officials in Fort Lauderdale. He also said that he was retained as manager for the time being.

The new concern took over operation of the Canal Point water plant last Friday—July 30—and will immediately start an expansion program. Mr. Kautz said that the new concern's present plans call for extending the water lines north on the ridge from Claude Santee's home to the John Kautz property.

On the south end of the operation, he said, plans call for enlarging the water mains from the present size to a size that will give the customers on Lake Shore Drive comparable service to that enjoyed by folks living on the townsite. Mr. Kautz said that expansion work was scheduled to start a week from next Monday.

Social Security Law Provides Lot Of Medical Care

Now that the President has signed the 1965 Social Security Amendments, some people will want to take action right away in order to protect their new benefit rights. Most others will need to take no action at all. As legislation providing health insurance for the aged and making other far-reaching changes in the social security program became effective with the ceremony in Independence, Missouri, last Friday, July 30th, Robert M. Ball, Commissioner of Social Security, proposed some "Do's" and "Don'ts" for the many millions of persons who will be affected.

"First of all, let me say to the 20 million people now receiving social security benefits: you don't need to take any action at all in order to get the increased cash benefit payments the law provides. The amount of the increase for the months of January through Au-

gust 1965 will be paid to you in a separate check that will reach you in the latter part of September. The first regular checks reflecting the 7 percent increase will be mailed early in October, covering the month of September."

Second: social security and railroad retirement beneficiaries now 65 or over will not need to take any action to secure their basic hospital protection under the new Health Insurance Program. All aged persons now on the rolls will receive in September or October a full information kit directly by mail, describing this protection, which becomes effective July 1, 1966. Before this effective date, a Health Insurance card certifying to their eligibility for the services will automatically be sent to beneficiaries 65 or over.

Third: social security beneficiaries will not need to go to the social security office about the voluntary supplementary plan covering physicians' fees and other benefits. At the time they get the basic information kit, they will receive an enrollment postcard giving them an opportunity to sign up for the added medical insurance program, which also becomes ef-

fective July 1, 1966.

Fourth: a special message to people 65 or over who have never worked under social security. Although not qualified for cash social security benefits, these people may qualify for the basic hospital insurance protection under the new "medicare" program. Those receiving public assistance from the States may be signed up for the basic hospital insurance by their welfare agencies. Enrollments in the voluntary medical insurance plan can be accepted beginning Sept. 1, 1965. Therefore, persons over 65 who have not worked under social security should wait at least until September 1st before visiting their social security office. Then they can sign up for the basic hospital insurance and, also, enroll in the medical insurance program if they wish that additional important protection.

BACK TO CANADA

Capt. and Mrs. Clarence Langford and family will return to their home in North Bay, Ontario, Canada, early next week after a visit with relatives in Canal Point. Capt. Langford is with the U. S. Air Force.

Parker Home Is Scene WSCS Meeting

The W. S. C. S. of the Canal Point Methodist Church held its regular meeting at the home of Mrs. J. P. Parker Tuesday night. The president, Mrs. Elmer Maxson, presided at the business meeting.

Miss Nancy Harrington, student at the School of Christian Mission in Lakeland, gave a talk on "Christians Calling" for the program. She also gave a report on her trip.

The next meeting will be held at the home of Mrs. O. H. Sheppard September 7.

GIRLS ATTEND CAMP

Debbie Culperson, Karen Aldridge, Pam Story, Julie Unwin and Kathy Wilkinson will attend the G. A. Auxiliary Camp at the Florida Baptist Retreat on Lake Yale. Mrs. Charles Story and sons took Pam, Debbie and Julie to the camp on Monday, August 2. They will also spend a few days with her parents, Mr. and Mrs. J. E. Burns, of Orlando.

Mrs. R. T. Smith has returned to her home from the University of Florida in Gainesville where she attended a postmaster's seminar. The Regional Official of Atlanta taught the seminar.

Why should you buy
U.S. Savings Bonds when there are
so many other good investments?

To help your country is one answer—and a good one. But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money: either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U.S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service

FLORIDA POWER & LIGHT COMPANY HELPS BUILD FLORIDA

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half, then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00); \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank. It takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS

City Products In First Spot Again Soft Ball League

John Pelham of last-place I. A. took over the lead in the individual batting average race with a 5-for-9 performance that boosted his average to .500. Tony Latour of Glades Chevrolet fell to second-place with .488 as his team was idled by rain. Ernie Soles of Rashley's Dry Cleaners moved into the number three spot with four hits in eight trips to give him a .455 average. Alvy Early of league-leading City Products climbed from 13th to fourth-place with 4-for-5 and four walks raising his average to .433.

City Products used a two-run homer by Jim Tyson and a three-run blast by Joe Davis in the first inning to overcome a fielding lapse that had put them behind 4-0, and went on to win, 10-5. Alvy Early, George Mills, and Jim Tyson blasted three I. A. M. pitchers for eight hits among them in support of the combined 1-hit pitching efforts of Phil Bonnell and Butch Butler as the league leaders bombed the last place team 13-0 in an abbreviated contest halted after 4½ innings by the 10-run rule. Early connected for his seventh homer in that game.

Geneva's Drive-Inn broke an eight game losing streak as Bill Wyatt and Richard VanLaningham hit second-inning home runs in a 13-8 victory from Loxahatchee. Willie Lee had three hits and VanLaningham hit his fourth homer as Geneva's trimmed I. A. M., 7-2 for the eleventh straight loss for I. A. M. Rashley's Dry Cleaners beat I. A. M. 11-5 as Roy Goodson and Walter Parker drove in five runs between them. Ernie Soles and Junior Rios had two hits apiece as Rashley's downed Loxahatchee, 7-4. Earl Vann picked up both pitching victories and now owns a 9-4 record. Ed Fisher homered off Vann for Loxahatchee. It was Fisher's first homer in 114 official trips in league competition for two seasons.

Deadline Is Set For Junior College

August 9, 3:00 p. m., is deadline for making application to Palm Beach Junior College for Fall Term day classes. All other admission forms must be in the Registrar's office not later than 3:00 p. m., August 13, according to Elbert E. Bishop, Registrar. Applications are running more than 20 percent above the 1964 fall term and the Registrar's staff is working overtime to process admission papers.

New students who have not previously taken the Palm Beach Junior College placement tests must do so on August 11. These will be given in the college auditorium from 7:45 a. m. to 2:00 p. m. Transfer students with credit from another college are exempt from these tests.

Orientation and counseling for all new and transfer students will be assigned for August 17, 18, 19 or 20 by the Registrar's staff upon completion of the applicant's file.

School To Start, Watch Child Labor

Farmers in this area were reminded today that children under 16 years of age are permitted to work on farms only outside school hours, under federal law.

This word came from Rufus L. Stokes, field office supervisor of the North Miami office of the Wage and Hour and Public Contracts Divisions, U. S. Department of Labor. He said the Fair Labor Standards Act prohibits minors under 16 from working in agriculture during school hours for the school district where they live

while working. This applies to children of migratory workers as well as local children.

"The place for children is in school, not in the fields," Stokes added. "Today's children will grow up in the world which demands more education and better skills. Schooling now will open the door to opportunity in the future."

Stokes pointed out that the 16-year age minimum does not apply to children who work on the home farm for their parents or guardians. He also said the Act places no restrictions on farm work by minors 16 years old or over.

Compliance with the Fair Labor Standards Act does not excuse noncompliance with State or local laws.

"The Wage and Hour office in North Miami will be glad to answer any questions about the Fair Labor Standards Act," Stokes added. The address is Room 219, 12490 N. E. Seventh Ave., North Miami, Florida.

HOME FROM WESTERN TRIP

Mr. and Mrs. Charles Maxson will return to their home in Canal Point this weekend after a vacation of three weeks that carried them into many of the western states where they visited many points of interest, including Yellowstone National Park.

Linda and Anne Butler left Tuesday for a two-weeks stay with their sister in Melbourne.
